“ To the grieving family, so sorry for your loss. MR C as we all called him with love was an excellent gentleman and a great friend. He will be dearly missed by his ABM family and his colleagues at Dallas Lovefield Airport. His excellent sense of dressing and his caring nature will be missed. Thank you Mr C for all our midnight conversations, laughter and jokes we shared at the end of our shifts. And thank you for always walking with me to the parking garage after our shift pass midnight. The baggage area at Lovefield Airport will never be the same without you being there. Rest in peace with love and harmony  . Your ABM family especially the closing shift will really miss you.
