“ I’m going to miss my Uncle Henry. We would talk about me cooking a meal for him on the phone. My mom and him were close growing up together. Me, my mom, and I had the same major in college. His phone calls every week will be missed. God bless the Hill family.

“ My brother Henry was an amazing brother. One of the fond memories that I have of my brother is when he attended my choir concert when I was in 2nd grade. It was wonderful to look out into the audience and see my parents and my six siblings. I love you Junie. It has been my pleasure being your baby (youngest) sister!!

“ My brother Henry scored a perfect score on his high school SAT Test. He could have attended any college in the United States. Henry decided to attend Virginia State College. Every Sunday my parents, three of sisters and myself would go to Virginia State College and take him some home cooked food. I was in elementary school when Junie(Henry's nickname) was in College. He would always talk to me about going to college when got older. I new in the fourth grade I was going to college. When I graduated from high I decided to follow in my oldest brother foot steps in attend Virginia State University. The name had changed to University when I graduated from high school. My oldest brother set an excellent example for all his siblings because my other brother and four sisters all attended Virginia State University. I will miss Junie everyday. I love you Junie. Love, your sister, Caroline.

*My friend Henry and I reconnected about 2 years ago. In high school, I remember him being quiet and shy. When I went to visit about a year ago, he told me that I was the first girl to ask him to dance. I will miss his calls and the long talks about the good old days. Love to my dear friend. *In times like these you hardly know what to say. How to express our since of lost about someone I knew so well, so long ago. Keep all those good feelings of good times that you shared with your brother and the way it was. Those were really the good old days. Family and friends you are in my prayers.*

*I extend my deepest condolences to the Hill Family, who have become like a second family to me through Henry's youngest sister Johnette, since we embarked on our college journey together. It was an honor to get to know Henry through his loved ones. I am profoundly grateful for the remarkable example of resilience and accomplishment he set. I am very grateful for his military service. During this difficult time, I pray for peace and blessings for the family and friends.*
