“ Dear Wilkerson family,
Karen was my husband's secretary at Beaird Poulin in Shreveport and a very good one. Karen moved here to Dallas when I accidentally ran into her at my hairdresser's. From then on we kept in contact all these years. For for the last few years I was giving her a ride once every 6 wks. to get her hair cut and colored. It made her feel so good. She suffered a lot through the years and was courageous in her battle against cancer. Dave and I offer our condolences to her family. Karen & Dave Wheeler

“ Just wanted to share my condolences to the family. Karen and I(Elizabeth Arista) were not only close friends but her long time hairdresser for 20 + years ,we shared kids birthdays and afterwards as the grandkids grew older we were less remembered because they would hang out with their friends. Karen very fairhfully would come every week to get her hair done, then later to 4 -6 weeks. When I didnt hear from her, after leaving messages, I came to the conculsion after having a gut feeling she had passed away and feeling became a reality😭

You will be deeply missed

Sincerely Elizabeth Arista
